

## COURSECHECK FOR INTERNAL TRAINING TEAMS

If you collect feedback from people you train, you'll know it can be a labour-intensive process that often delivers little value to the business.

Coursecheck solves this problem with a mobile-friendly system designed specifically for anyone running training courses. Response rates are high, administrative effort is minimised and managers get instant visibility of the learner experience.

### Key Features

- Out-of-the-box analysis by course or instructor, makes it easy to see what's working well and what could be better.
- Coursecheck is designed to ensure high response rates; and reduced administration saves time and money.
- Automated alerts and reports help ensure you act promptly when you need to.
- Support for multiple training delivery formats means you can use Coursecheck however you deliver your training; and still view all your feedback in one place.
- Assess the impact of training to ensure that the desired objectives are being achieved.
- Integrates with many well-known Learning Management and Training Administration systems.
- Multi-language support lets you collect feedback in the local language wherever you're training.

A diverse range of internal training teams use Coursecheck.  
What they share is a passion for delivering high quality training.
