

COURSECHECK FOR TRAINING PROVIDERS

If you collect feedback from people you train, you'll know it can be a labour-intensive process that often delivers little value to the business.

Coursecheck solves this problem with a mobile-friendly system designed specifically for anyone running training courses. Administrative effort is minimised, managers get instant visibility of the Learner experience, and independent reviews on Coursecheck help you win new business.

Management benefits

- Coursecheck is designed to ensure high response rates; and reduced administration effort saves time and money.
- Out-of-the-box analysis by course or instructor, makes it easy to see what's working well and what could be better.
- Automated alerts and reports help ensure you act promptly when you need to.
- Support for multiple training delivery formats means you can use Coursecheck however you deliver your training; and still view all your feedback in one place.
- Integrates with many well-known Learning Management and Training Administration systems.
- Multi-language support lets you collect feedback in the local language wherever you're training.

Marketing benefits

- With over 90% of people trusting online reviews as much as personal recommendations, positive feedback on an independent website has never been more important.
- Feedback can be integrated with your website. Visitors can get the reassurance they're looking for which improves close rates and reduces sales cycles.
- Google loves reviews which boosts search engine rankings (SEO)
- Integration with social media makes it easy for Learners to spread the word about your courses.
